General information

Your questions answered

Where should I keep my document?

Always keep this document, and **your** Eden **validation certificate**, somewhere safe. **You** never know when **you** might need it.

When is my service due?

The **vehicle** must be serviced, in line with the terms set out on page 24, by a VAT-registered repairer, preferably at one of **our** dealerships.

What should I do if my vehicle breaks down?

If **your** **vehicle** breaks down, contact **our** customer support line on 0344 573 9299. If **you** need help at the roadside, either because of a breakdown or an accident, please ring Eden Assist on 0344 573 8147.

General information (continued)

What if I break down and want to use my local repairer?

We recommend that **you** have **your vehicle** repaired at the dealership that supplied it. This will mean that **we** can settle the cost of **your** repairs direct, without the need for another repairer to send their invoice to the claims **administrator**.

However, if **you** want to use **your** local repairer, **you** must make sure that they follow **our** claims procedure as set out on pages 22-23 and send their invoice, with any documents **we** ask **you** for to support **your** claim, to **us** at the following address. (They must give the claim number **we** give them.)

Car Care Plan Limited

Jubilee House

5 Mid Point Business Park

Thornbury

West Yorkshire BD3 7AG.

Please note: If **you** do not have **your** warranty repair carried out by an Eden dealer, **you** may have to pay for the repairs and then claim the cost back from **us** under **your** Eden Renewal Warranty.

Can I transfer my Eden Renewal Warranty and Eden Assist to a new owner?

If **you** sell **your vehicle** during the period of **your** warranty, **you** can transfer the benefits to the new owner, as long as:

- **you** sell the **vehicle** privately and not through a garage, motor trader, auction or similar company; and
- **we** agree to the transfer.

You will have to pay a £25 administration fee. If **we** don't agree to the transfer, **we** will return the administration fee.

See pages 39-40 for the transfer form.

Definitions (continued)

Our liability

The most **we** will pay for each claim is shown on the **validation certificate**. The amount shown will include VAT and the cost of recovering the **vehicle** or vehicle-hire charges (or both). If **you** make more than one claim during the **warranty period**, the most **we** will pay in total for all claims is the market value of the insured **vehicle**.

We will not pay the VAT part of any claim if **you** are registered for VAT. If **your** claim is valid, **we** will pay any charges involved in diagnosing the fault, up to £75 per claim (including VAT) or one hour of labour, whichever is lower.

Eden Renewal Warranty – parts covered

Your Eden Renewal Warranty covers almost all mechanical and electrical parts of **your vehicle** against **mechanical and electrical breakdown**, depending on the conditions set out below and the maximum claim limit. There are some parts, such as service items, which are not covered. Please see the 'What is not covered' section on pages 8-9.

Mechanical and electrical breakdown is the failure of a **vehicle** part, causing it to suddenly stop working, for a reason other than negligence. Damage caused by the **vehicle** overheating is not considered a mechanical breakdown under the terms of the warranty.

Wear and tear cover

Eden Renewal Warranty provides additional cover for parts that have suddenly stopped working as a result of wear and tear.

Parts will not be covered if they were already in an advanced state of wear at the start date of this warranty.

This additional cover for wear and tear does not include repairs to brakes and clutches (as these parts are designed to wear over time in order to work) or burnt-out friction materials (for example, brake pads and clutch plates), or repairs carried out to reduce the amount of oil the **vehicle** uses, if there has been no mechanical failure.

We will disregard the age and mileage of the **vehicle** when considering a claim under wear and tear cover. Parts that have stopped working due to wear and tear are covered, but any parts that are worn but have not actually stopped working are not. **You** must meet all other terms and conditions of the warranty to be able to claim under wear and tear cover.

Eden Renewal Warranty – parts covered (continued)

What is not covered

Although this warranty provides a high level of cover, the following items are not covered.

- Body parts such as strikers, hinges or any part which may need adjusting from time to time
- Body panels, paintwork or glass
- Weather strips and body seals
- Interior trim, seats and seat belts
- Recharging the air conditioning unit (unless this is needed as part of a repair that is covered under this warranty)
- Software updates (unless these are needed as part of a repair that is covered under this warranty)
- Replacing brake parts due to wear and tear
- Replacing any clutch parts due to wear, incorrect adjustment or misuse
- Clearing fuel lines, filters, throttle bodies and pumps, and repairing damage caused by using incorrect or contaminated fuel
- Airbags, wiring and connections, fuses, batteries (see note below), bulbs and LED lights, exhaust systems, diesel particulate filters (catalytic converters are covered), wiper blades, wheels (including balancing and aligning wheels) and tyres
- Water damage (including water damage to parts that would otherwise be covered)

- Normal maintenance, servicing and replacing items such as spark plugs and plug leads
- Any damage to or loss of parts that are not directly covered under this warranty
- Burnt-out, sticking or pitted valves
- Any part relating to living in (or staying in) the **vehicle**. This includes cooking and washing facilities, equipment to supply and dispose of water, the refrigeration system, the gas supply and heating system, and sleeping facilities. **We** do not cover electric and hydraulic motors, pumps, equipment to operate the roof and awning, electric hook-up equipment and any other electrical parts relating to living or staying in the **vehicle**.
- Damage resulting from the failure of a timing belt which has not been replaced in line with the manufacturer's recommendations. (**We** will only cover this damage if **you** can provide proof that the timing belt has been replaced in line with the manufacturer's service schedule.)

Please note that oil, oil filter, gaskets, anti-freeze and brake fluid if they are needed due to the failure of a covered part are covered as part of a valid claim.

Note: This only applies to **vehicles** with petrol or diesel engines. For hybrid and electric vehicles, please see pages 11-12.

Eden Renewal Warranty – parts covered (continued)

Catalytic converters

Catalytic converters are covered as follows.

This warranty will cover the cost of replacing the **vehicle's** catalytic converter (or converters) if the **vehicle** fails to meet the relevant in-service exhaust emissions standard following a test of its exhaust gas and:

- the catalytic converter (or converters) is no longer serviceable;
- **you** send the results of the failed test to **our** claims department when **you** ask the **administrator** to authorise the repair; and
- after the catalytic converter (or converters) is replaced, **you** send a results print-out from a successful test to **our** claims department with the repair invoice.

This benefit does not cover the cost of replacing the catalytic converter (or converters) if the failure is due to a collision, accidental damage or the wrong fuel being used in the **vehicle**.

Eden Renewal Warranty – parts covered (continued)

We understand that the changing technology within motor vehicles can seem complex and confusing. **We** are committed to making sure that all of **our** customers feel comfortable with their **vehicle** warranties and are confident that **we** understand the changing technology and, most importantly, reflect that in **our** products. **We** are pleased to confirm that if **your vehicle** is fitted with any of the following parts, they are covered by **your** warranty.

Electric vehicles

We have added this section to cover the parts that are unique to plug-in hybrids, self-charging hybrids and full electric vehicles.

As well as the high level of cover listed throughout this warranty document, there are a number of unique parts in **your vehicle** that relate to the electric power, and some of the extra items covered under this warranty are listed below. These items may or may not be fitted to **your vehicle**, depending on the type of electric drive **you** have chosen (for example, full electric, hybrid or self-charging hybrid).

DC/DC converter: This device converts higher-voltage DC power from the traction battery pack to the lower-voltage DC power needed to run **your vehicle's** accessories and recharge the auxiliary battery.

Electric traction motor: Using power from the traction battery pack, this motor drives the **vehicle's** wheels. Some **vehicles** use motor generators that both drive the wheels and charge the battery.

Onboard charger: This device takes the incoming AC electricity supplied from the charge port and converts it to DC power for charging the traction battery. It also communicates with the charging equipment and monitors battery characteristics such as voltage, current, temperature and the level of charge while charging the pack.

Eden Renewal Warranty – parts covered (continued)

Power electronics controller: This unit manages the flow of electrical energy provided by the traction battery, controlling the speed of the electric traction motor and the torque that it produces.

Thermal system (cooling): This system maintains the proper operating temperature range of the engine, electric motor, power electronics, and other parts.

Battery (all-electric auxiliary): In an electric-drive **vehicle**, the auxiliary battery provides electricity to power the **vehicle's** accessories.

Traction battery pack: This pack stores electricity for the electric traction motor.

Transmission (electric): The transmission transfers mechanical power from the electric traction motor to drive the wheels.

Electric generator: This generates electricity from the wheels while braking, transferring that energy back to the traction battery pack. Some **vehicles** use motor generators that both drive the wheels and charge the battery.

Charge port: The charge port allows the **vehicle** to connect to an external power supply in order to charge the traction battery pack.

Eden Renewal Warranty – parts covered (continued)

Terms and exclusions for electric vehicles

Traction battery pack:

A traction battery pack is made up of several battery modules that are mounted together in a frame. Each module is made of many cells mounted together.

The batteries in an electric vehicle undergo cycles of 'discharge' (the use of stored electrical energy when the **vehicle** is being driven) and 'charge' (when the **vehicle** is plugged in). Repeating this process over time affects the amount of charge the battery can hold. This decreases the range and time needed between each journey to charge.

While the manufacturer's warranty for the electric **vehicle** battery is in place, that will take precedence over this extended warranty if **you** need to claim for a sudden and unexpected failure.

Charging and discharging a battery will cause gradual deterioration of the battery over time. This warranty covers the main **vehicle** battery for sudden and unexpected failure to hold its charge effectively. Gradual battery deterioration is not covered by this warranty.

The **administrator** will decide the measurement method used to work out battery capacity, and whether to replace, repair or provide reconditioned or re-manufactured parts.

Charge port: External charging system parts, including the charge connector and cable, home-charging dock and fast-charging port, photoelectric cells, mechanical or electrical failure caused by not maintaining or using the battery correctly, or parts failing as a result of being overloaded, power surges or abnormal use.

Vehicles with leased batteries:

Some makes of **vehicle** have a separate battery agreement that means the battery is supplied and maintained under a non-ownership 'battery lease' agreement which covers the cost of repairing or replacing the battery. If **you** have one of these agreements in place, the traction battery pack is not covered.

Eden Renewal Warranty – parts covered (continued)

Manufacturer guarantee on traction battery

This warranty does not cover **your** traction battery while it is still under the manufacturer's guarantee. Cover under this warranty will not start until the manufacturer's guarantee ends.

Warranty terms and conditions

Warranty conditions

The conditions of this warranty are set out below. Please take time to read them. **We** will only cover repairs if **you** agree to these conditions.

- 1 It is **your** responsibility to decide whether to authorise a repairer to dismantle **your vehicle** or any covered part. The **administrator** will only accept the cost of dismantling if it is part of an authorised warranty repair.
- 2 The **administrator** is not liable for any statement, assurance or opinion which contradicts the conditions of this warranty unless they have agreed to this in writing.
- 3 **We** can choose whether to provide replacement parts and carry out repairs under this warranty or arrange for a third party do this.
- 4 If **we** do not carry out the warranty repair, **we** will not pay more than the manufacturer's list prices for parts. For parts which can only be bought from outside the UK, **we** will pay the UK price of an equivalent part. For labour costs that are needed to repair those parts, **we** will pay the repairer's warranty labour rate and actual repair times will be limited to those in the latest *Glass's Guide ICME* manual or the manufacturer's recommended repair times. With every claim **you** make, **you** must provide a VAT receipt from the repairer authorised to carry out the repair.
- 5 If **you** do not have the **vehicle** serviced in line with the manufacturer's service schedule or maintain the **vehicle** as recommended by the manufacturer, this warranty will not apply to any fault that results from this. When **you** have **your vehicle** serviced, **you** are allowed 1,000 miles either side of the service mileage or four weeks either side of the time period given, whichever comes first. It is important that **you** keep **your** service receipts as they may be needed to validate any claim **you** make. Please note that if **you** do not have **your vehicle** serviced at one of **our** locations, it must be serviced by a VAT-registered repairer, unless the **administrator** has agreed otherwise.

Warranty terms and conditions (continued)

- 6 This warranty is valid for breakdown in the United Kingdom (which includes Great Britain and Northern Ireland), the Channel Islands and the Isle of Man. The warranty is also valid while **your vehicle** is outside the United Kingdom, but within the EU or the EFTA (European Free Trade Association), for up to 60 days a year.
- 7 **We** have the right to provide replacement parts and carry out repairs under this warranty, or to arrange for a third party to do this on **our** behalf.
- 8 This warranty does not cover the following.
 - a Any **vehicle** where the speedometer or milometer has been interfered with, altered or disconnected
 - b Repairs, replacements or alterations not authorised by the **administrator**
 - c Routine servicing or maintenance of a **vehicle**
 - d Repairs to **vehicles** which have been modified after the warranty is sold, if that modification has contributed to the failure or has failed itself
 - e Any **vehicle** used for hire or reward (such as taxis or courier, delivery or driving-school vehicles), any commercial vehicle with a gross vehicle weight of more than 3.5 tonnes, or a **vehicle** used in any sort of competition, including track days, rally or racing
 - f **Vehicles** that are used to provide a public service (for example, police vehicles or ambulances)
 - g The gradual reduction in performance of any part (fair wear and tear) due to the age of the **vehicle** or the number of miles it has covered (or both)

Warranty terms and conditions (continued)

- h** Any liability for death, bodily injury, damage to property or loss caused directly or indirectly by the claim or event leading to a claim under this warranty (this exclusion does not apply to any death or bodily injury caused by the repairer or any of their agents being negligent)
 - i** Any damage which is due to any type of accident
 - j** Any damage which is a direct result of something **you** or anyone else (other than the repairer or their agents) has done or has failed to do
 - k** Any parts which are replaced as part of a normal service
 - l** Any damage to parts which are being recalled by the **vehicle's** manufacturer or which have design faults
 - m** Any failure caused by faults which a qualified engineer thinks could have existed before the warranty began
 - n** Any damage to parts caused by using the wrong fuel or contaminated fuel
 - o** Parts or repairs that are covered by any other warranty or insurance
 - p** American imports, kit cars, motorcycles and motorhomes
 - q** Water damage (including water damage to parts that would otherwise be covered)
 - r** Anything caused directly or indirectly by war, riot, revolution or any similar event, or by vandalism, theft or attempted theft from the **vehicle**
 - s** Any loss, damage, liability or expense directly or indirectly caused by, contributed to or arising from any system, software programme, malicious code, virus, process or other electronic system being used to cause harm
 - t** Any **vehicle** owned by a motor trader or the owner of a garage or an associated company (or their employee, friend or relative)
- 9** This contract will be governed by and interpreted in line with the laws of England and Wales. Any disputes arising in relation to this warranty will be dealt with in the English courts.
- 10** Nothing in these conditions will reduce **your** legal rights relating to faulty or mis-described goods. For more information about **your** legal rights, contact **your** local trading standards department or citizens advice bureau.

Warranty terms and conditions (continued)

- 11** If **your** claim is valid, **we** will pay any charges involved in diagnosing the fault, up to £75 per claim (including VAT) or one hour of labour, whichever is lower.
- 12** The period of the warranty is shown in the **validation certificate**. If, for any reason, the standard manufacturer's warranty period does not apply, the start and end date of this warranty will still be as shown in the **validation certificate**. If this warranty starts earlier than the date shown in the **validation certificate** because the manufacturer's warranty has ended sooner than expected because of **your vehicle's** mileage, this warranty will end earlier than shown and reflect the **warranty period** bought or provided.

Sanction limit and exclusion clause

We will not provide cover and will not pay any claim or provide any benefit under this **insurance** if doing so would put **us** or the **administrator** at risk of any sanction, ban or restriction under United Nations resolutions or the trade or economic sanctions, laws or regulations of the European Union, the United Kingdom or the United States of America.

Your right to cancel and refunds

We hope **you** are happy with the cover this policy provides. However, if after reading **your** policy document, **you** find that this **insurance** does not meet **your** needs, **you** can cancel the cover within 30 days of buying it. If **you** want to cancel within this period, please contact the **administrator** on 0344 573 9299 for a full refund.

If **you** want to cancel **your** policy after this 30-day period, **you** can cancel it at any time, but **you** will have to pay a cancellation fee of £35. Any refund **you** receive will be based on the number of whole months of cover remaining on the policy (the months **you** will not receive cover for). To cancel **your** policy after the 30-day cancellation period, contact the **administrator** by calling 0344 573 9299 or writing to:

Car Care Plan Limited
Jubilee House
5 Mid Point Business Park
Thornbury
West Yorkshire BD3 7AG.

You will not be entitled to a refund if:

- **you** have made a claim;
- **you** are in the last 30 days of cover; or
- the warranty has been transferred to **you** from the original owner.

If **you** have paid for **your** policy in instalments through an instalment agreement with the **administrator** (Car Care Plan Limited), any refund **you** are entitled to will be calculated in line with the following rules.

If **you** have paid all the instalment payments, **we** will calculate the refund based on the number of whole months of cover remaining on the policy, and pay it direct to **you**.

Your right to cancel and refunds (continued)

If **you** have not paid all the instalment payments, **we** will calculate the refund in the same way, and the following will apply.

- 1** If the refund **you** are eligible for is more than the instalment payments **you** owe the **administrator**, **we** will pay the amount of the outstanding instalments to the **administrator** and pay the difference to **you**.
- 2** If the refund **you** are eligible for is less than the instalment payments **you** owe the **administrator**, **we** will use the refund as part payment of **your** total outstanding instalment payments. **You** will continue to be responsible for paying the remaining outstanding payments due under **your** instalment agreement until **you** have settled the balance (calculated when **you** told the **administrator** **you** wanted to cancel).

Please allow up to 28 days for the **administrator** to process **your** cancellation and refund.

Your right to cancel and refunds (continued)

Policy premium payments

Eden Renewal Warranty is a 12-month policy. **You** can pay for it with a single upfront payment or by monthly instalments. **We** will provide the same level of cover whichever way **you** pay.

If **you** choose to pay by instalments, **you** will enter into an agreement with the **administrator** to buy the full 12-month policy, spreading the cost over interest-free instalments. **You** must continue to pay **your** instalments until **you** have paid the full cost for the year.

You must pay the premium every month on or before the date it is due, until **you** have paid for the full year. If **you** fail to pay a monthly premium when it is due, all cover will end immediately from that date. If **you** have made a claim under the policy, the **administrator** will ask **you** to continue to pay **your** monthly instalments.

Please note:

We will not automatically renew **your** cover after the initial 12-month period.

We will write to **you** at the last address **you** provided to give details of how to continue **your** cover. (**Your vehicle** may need to meet certain conditions for **us** to be able to continue to provide cover.)

How to claim

To make a claim on **your** warranty, please follow the steps below.

- 1** Take **your vehicle** back to the dealership where **you** bought it, or another VAT-registered garage, and give them the warranty document.
- 2** The repairer must call **our administrator** on 0344 573 9299 to authorise the repair.

Our administrator will need the following details.

- a)** The fault
 - b)** The date the fault was first noticed
 - c)** The **vehicle** mileage
 - d)** Details of the parts that need to be replaced, and a full detailed estimate of parts and labour costs
- 3** **Our administrator** will issue an authorisation number for the amount of the claim that they agree to pay.
 - 4** The repairer should then invoice **our administrator** direct and send the invoice to:
Car Care Plan Limited
Jubilee House
5 Mid Point Business Park
Thornbury
West Yorkshire BD3 7AG.
 - 5** Or **you** may have to pay the repairer direct and send **our administrator** a copy of the invoice to claim back the amount of the authorised costs.

Important – Repair work must not start until our administrator has authorised the claim. If a repair is started before it is authorised, we may not accept a claim under this cover.

How to claim (continued)

Repairs abroad

If **your vehicle** breaks down outside the United Kingdom, the following conditions apply.

- The repair must be carried out in a country that is a member of the European Union or the EFTA (European Free Trade Association).
- **We** will not pay more than the equivalent UK rate for labour charges and manufacturer list prices for parts at the date of the repair.
- **You** should authorise the repair yourself and contact **our administrator** to claim back the cost when **you** return to the UK. The most **we** will pay is the claim limit set out in this document and in the **validation certificate**.
- **We** will refund **you** in pounds sterling at the rate of exchange that applied at the time of the repair.

Payment

You must send the original repair invoice, including the repair approval number, to **our administrator**. **You** must also fill in and return any claim form that the **administrator** asks **you** to fill in.

To make sure **you** receive the highest levels of service, phone calls to **our administrator** are recorded.

Maximum claim liability

The most **you** can claim for each individual claim is limited to the market value of the insured **vehicle** at the date of the claim, including VAT. If **you** need to make more than one claim during the **warranty period**, the most **we** will pay in total for all claims is the market value of the insured **vehicle** (which **we** will decide by referring to *Parkers Price Guide*).

Warranty extra benefits

If **you** make a valid claim, **we** will provide the following extra benefits.

Replacement vehicle

If **you** have a valid claim, **you** can claim up to £35 a day (including VAT, but not including the cost of petrol and insurance) towards the cost of a replacement vehicle to use while **your vehicle** is being repaired. **We** will not pay for a replacement vehicle for the first 24 hours that **you** cannot use **your** own **vehicle**.

After this period, **you** can claim for a replacement vehicle for up to seven days.

You must call the **administrator** for approval before **you** use this service. **We** will not be liable for any extra costs caused by:

- any delay while the repairer has to wait for parts; or
- the cost of parts being transported.

Overnight accommodation and rail fares

We will pay up to £60 towards the cost of a hotel room or a return rail ticket if the **vehicle** breaks down and **you** cannot return home. **You** will need to send **us** a receipt. **You** cannot claim for the cost of meals and drinks. This benefit is only available if the **administrator** approves **your** claim.

Warranty extra benefits (continued)

Driving abroad

The warranty is valid for up to 60 days per year for driving in the EU or the EFTA (European Free Trade Association). The **administrator** will not pay more than the equivalent UK cost for parts and labour.

Please note, **we** will not provide these benefits if the part that has failed is not covered by this warranty. Payments will be limited to the amounts shown in the **validation certificate**.

Towing charges

If **your** claim is valid and **your vehicle** needs to be towed, **you** can claim up to £70 per claim (including VAT) for towing. **You** must provide a receipt from a recovery company showing the towing charges.

If **you** break down at **your** home address or anywhere within the **territorial limits**, **we** will send help. **We** will arrange to pay call-out fees and mileage charges needed to repair or help with the **vehicle**. If **our** recovery operator cannot repair the **vehicle** at the roadside, **we** will arrange and pay for **your vehicle**, **you** and any **passengers** to be taken to the nearest garage that can carry out the repair. If that is not possible, **we** will arrange for **your vehicle**, **you** and any **passengers** to be taken to **your** home or planned destination.

Please note, any repairs carried out by **our** recovery operators at their premises would need to be authorised by the **administrator** beforehand.

Caravans and trailers

If **your vehicle** breaks down and **your** caravan or trailer is attached, as long as it is fitted with a standard towing hitch and is not more than 23 feet long, **your** caravan or trailer will be recovered with **your vehicle** at no extra cost.

Message service

If **you** ask **us** to, **we** will pass on two messages to **your** home or office to let them know **you** have broken down.

Eden Assist (continued)

Accident cover

If **your vehicle** is involved in an accident which means **you** cannot drive it or it would be illegal to drive it, **we** will take **your vehicle** to a nominated local address within the United Kingdom.

Puncture cover

If **your vehicle** has a puncture and **we** cannot repair it at the roadside, **we** will take **your vehicle**, **you** and any **passengers** to the nearest garage that is able to carry out the repair. If this is not possible **we** will take **you** to **your** home address or planned destination. **You** must carry an inflation kit in **your vehicle** so **we** can try to repair any punctures at the roadside.

If **your vehicle** does not have a spare wheel because the manufacturer did not provide one, or the nearest garage is further than the distance **you** can travel on run-flat tyres, **we** will provide help.

Toll fees

If **you** make a valid claim, **we** will pay ferry and toll fees in the United Kingdom only.

Battery-range anxiety (full electric vehicles only) and running out of fuel (non-electric vehicles)

If **your** electric **vehicle** runs out of charge, **we** will take **your vehicle**, **you** and any **passengers** to the nearest charge point or to **your** home address or planned destination.

If **your** non-electric **vehicle** runs out of fuel, **we** will take **your vehicle**, **you** and any **passengers** to the nearest fuel refilling station or to **your** home address or planned destination.

Please note, there is a limit of two call-outs for this in each **warranty period**.
